## DIOCESAN FAITH FORMATION CONFERENCE

---

### Ecology & the Christian Spirit ~ Where Nature and the Sacred Meet

August 29 to August 31, 2011—Naramata Centre

The topic addresses education to appreciate creation and see how it fits into any religious education program. Our young people today are being educated in the fragility of our earth as we exploit its resources and how that has created poverty not only of the earth but also of millions of people. So where does faith come in? The workshop with Maureen Wild SC will awaken in participants an appreciation of the sacredness of the earth and how religious education can provide moments not only of education but also celebration of the gift of creation. Registration forms available in the foyer.

## I DARE YOU

---

At a church meeting, a very wealthy man rose to tell the rest of those present about his Christian faith.

"I'm a millionaire," he said, "and I attribute it all to the rich blessings of God in my life. I remember that turning point in my faith. I had just earned my first dollar and I went to a church meeting that night. The speaker was a missionary who told about his work. I knew that I only had a dollar bill and I had to either give it all to God's work or give nothing at all. So at that moment, I decided to give my whole dollar to God. I believe that God blessed that decision, and that is why I am a rich man today."

When he finished and moved toward his seat, there was an awed silence. As he sat down, a little old lady sitting in the same pew leaned over and said to him, "I dare you to do it again."

It has been suggested that the flowers in the sanctuary are not real and the arrangements are quite boring. First of all, boring is a very subjective judgment. What one person may consider boring, is for others the epitome of classic elegance. Second, the "floral décor" is not the main event and should not detract from the "the main thing" that brings us together - the celebration of the **EUCHARIST**. Finally, all the plants and flowers in the sanctuary are **God's own creation** - very real living breathing organisms chosen by our ministry for their amazing life giving, air purifying characteristics. A team of 6 women works diligently - each offering 1 hour a month, to maintain these beauties happy and healthy. We also have a generous group of parishioners who have donated most of these plants. Now, while any one of us humans can and will get sick due to air-borne toxins such as benzene or formaldehyde - present in many glues used in carpeting and wood veneering, the beautiful Peace Lilies, the Ivy, and the Orchids in our sanctuary feed on those very chemicals thus making indoor air cleaner and easier to breathe. No dust, no mites, no mildew, no toxins. These amazing plants require very little light and not a lot of water. They do love being misted! In return, they bless us with the sublime beauty of their blooms and the gift of clean air. What a wonderful thing! Only God can create such wonders.

**For God is not a God of confusion but of peace.**
