

**Ozanam Recovery House**, a project of the Society of Saint Vincent de Paul, is a Kelowna-based recovery home for men struggling with addictions and/or mental health issues. Our mission is to treat addiction and promote recovery by providing Home, Health and Hope. Since opening our doors in 2008, we have helped more than 750 men change their lives!

We are currently in need **volunteers to join our Board of Directors**, providing strong and capable leadership in the following areas:

- **Treasurer** position is vacant and needs to be filled urgently
- **Directors at Large** also needed to share talents in all areas including communications, social media, public relations, facilities management, and administration

Our working board meets online once a month for 2 hours, and members typically contribute an additional 2-6 hours of their time per month. This is a great opportunity to gain valuable experience in a stable, well-run not-for-profit while making a difference in your community.
